Awesome! 11/29/2017 I've been
having a super time with Virtuosa.
I'm an audiophile and have been
looking for just the right software.
This has filled the bill. I'm in Love
with it. Virtuosa 11/23/2017
Fantastic software Excellent
software, easy to use and covers
all my audio needs. It works very
well and there is no nasty
advertising. Would highly
recommend, and would definitely

use again. Good program, needs improvements 11/22/2017 I had a trial version of this, and after trying it out, it didn't work with my on-boarding. I think that the trial version has to be activated. I would be happy if the trial isn't activated for in-store purchase. Excellent app, way too expensive 11/21/2017 I loved the trial version for two days. Then, it stopped working again.
