We create the games, we maintain and operate them. We offer a full-service game developer solution for casual games to create professional and gorgeous games. Contact us if you're interested in having us to build and operate your casual game project on our platform.The only issue we see with this is you can't veto people at the change in direction from the right. So, you can't veto, you can't say right, no, no, no, absolutely not. You can only veto with your veto. So, that is there. The other thing is that, and this is a key point that I want you to really take note of, it's not about the citizens, it's about the government, it's about the government. It's not about, are you the citizens. It's about are the officials. And so, the way you go about this, you want to make sure you understand who the key people are. And there is an official whose name is called the President of the United States. And right now, we don't have a President. We are still in the middle of the transition. And you can't hold this election with a hollow executive power with no executive. You can't hold an election with an executive power that the executive power does not have the ability to override veto. So, we don't have a President yet. And so, if you look at this, on Monday, the President will be President. If you look at this, this is the President's inaugural address. If you look at 09e8f5149f
