Suez Canal Simulator is a challenging and interesting ship simulation on PC where you will have to operate one of the world's most complex network of international waterways, the Suez Canal. To make the most of the challenges that await you, you will need to navigate through a fantastic simulation of the Suez Canal. From the Mediterranean Sea to the East, through the Red Sea in the south to the Indian Ocean to the south of Africa in the west, the canal stretches for 532 kilometers (325 miles) through a desert-like environment. Accompany your vessel for a voyage from Europe through Africa, the Middle East and Asia to the Pacific Ocean, and vice versa, with 5 plus hours of gameplay. Suez Canal Simulator also allows you to choose various types of cargo for transport, such as oil, grain, or cars. Each shipment is accompanied by a professional crew of up to 40. The game allows you to take three different voyages across the Suez Canal during the year, or you can chart a more direct route, from one port to the other. Moreover, the game allows you to decide whether you want to pick up or drop off cargo at sea. The Suez Canal is not only a marvel of engineering, it is also an incredibly rich environment for a game with a steampunk style. The sand, sky, and boats are all elements that give the game its characteristic appearance. The actual world of Suez Canal Simulator is not confined to the Suez Canal, however. Every element of the game has been carefully composed and painted to best reflect what you would see in a game. Only the most curious of people can find or create anything that will be unique in the game. In order to make your game experience more seamless, Suez Canal Simulator is fully compatible with Steam. It can be played with no installation or download, so you do not need to waste time and bandwidth on the Internet to play. Key Features Four voyage options: "From the West to the East" "From the East to the West" "Planned route" (distance from Europe to the Pacific Ocean) Unlock: You can unlock the following trophies for Suez Canal Simulator and its expansions: Platinum Gold Silver Bronze AI Improvements AI improvements have been added to all improvements. The following AIs have been improved: Crew work rate Energy consumption Replenish rate Oil

ConnecTank 2 is the sequel to the original ConnecTank, and is currently under development for a planned release in the second quarter of 2015. The game currently uses a first-person perspective, where you navigate the fragile world of ConnecTank through a mixture of tanks, mechs, and many other mechanical machines. The focus of the game is to completely destroy each of the enemy mechs and tanks as quickly as possible, in order to force the enemy AI to begin focusing on you. "ConnecTank 2 is the follow-up to the wildly popular first-person 3D action game ConnecTank. This game will feature everything players loved about ConnecTank, including the signature maps, vehicle types, and massive enemy forces. This game will also feature 3 new gameplay elements: tank warfare, mech combat, and map design." "ConnecTank 2 is a first-person action game about teamwork, strategy, team play, and destroying everything. Players will control very large, fairly mobile tanks through a variety of maps and battlegrounds. Various weapons and RPG turrets provide the primary form of damage to the enemy. While the primary objective is to destroy the enemy, this game is also very much about teamwork and teamwork for the most part. " About the Creator: The core engine for ConnecTank 2 has been built from the ground-up, and there will be no need to run into compatibility issues with any game engines or APIs. The official website for ConnecTank 2 can be found here: Ratio Games has released the first trailer for their upcoming multiplayer team-based action game ConnecTank 2. Players will be able to play as large, mobile tanks equipped with weapons, and are joined by a set of AI bots on the battlefield. The game uses a first-person perspective for players to track enemies, and the enemies themselves are controlled by the AI in the game.In an interview with the Washington Post, the movie studio 21 Laps Entertainment, which owns the film "Dolphin Tale 2," said of the new film: "If the first movie did reasonably well... we're looking to do nothing less than a sequel that's of the same level, if not even a better movie." The company's founder and president announced the sequel about 10 days before the first film's Dec. 15 nationwide opening. "Dolphin Tale 2" picks up in Iceland with the adult SeaWorld tour c9d1549cdd

### What's new:

by Chesskoban isn't an easy puzzle game to play, but it's one of the most fun. If you have the slightest interest in chess, you'll enjoy playing chesskoban! Chesskoban is a simple one-player puzzle game where you place tiles on a chessboard to form your opponent's chess pieces. If you came to the site after seeing a message about a free game you can play, click the New Game button to jump right to the game. Once you're done playing chesskoban, you can click on the Play Game button to take you back to the main page. With a chess coloring book for chess problems, how can we fail? It's obviously for kids because it has a little kid on the cover. Their name is Selena. She's always bouncing around with all kinds of smiles on her face. Just watching Selena make any kind of expression brings so much joy, it'll make you want to play chess for hours and hours. There's no end to the joy. When you start a problem, it's like laying out part of the chessboard. The white square will be the rook, the black square will be the knight, and the other squares will be the other chess pieces. The rook has 16 squares, the knight has 4, and the other pieces have 4 or 8 squares. That's why the board is 16x16. The pieces each start in a defined location. The rook will start at the corner of the 16x16 board. The knight will start at the corner of the 4x4 board. The queen will start at the corner of the 8x8 board. The king starts at the corner of the 16x16 board. You can't use any of the pieces until the board is ready. A blank board will have nothing but empty squares. That's why you will be creating the problem by putting your opponent's pieces on a board that has all of your squares filled out. You will use the available board space by moving pieces around. Each square or cell is the same size. Chesskoban is rated for all levels from beginner to advanced. How do you create a problem? You have four options available. There is no time limit for creating your problem. Use any piece combination, but the queen will only be a distant dream. Just keep playing chesskoban, spending your time to create cool. Each piece has three alternative ways of

Gloom is a cooperative board game in which each player controls the fate of an eccentric family. The more miserable you make your own family, the better things will go for them in their final days. Each family member is unique and has their own story. Some are a wandering photographer, others are a detective in search of their stolen car. There is only one rule: make everyone else's life worse than your own. Controls How to play: To play, you will need the following materials: 1 copy of Gloom for each person participating 2-4 family cards for each person At least 30 minutes to prepare the game Gloom Game Overview: 1 Player(s) 2-4 Players 2 rounds 14-22 family cards, each with a different and unique character 6 sets of event cards 2-3 game modifiers 4 Untimely Death cards 1 Game board Features: Local Scoreboard: Each family receives 5 family cards at game start. Players must keep track of each family's Self-Worth score on their own game board. The family with the highest Self-Worth score at the end of the game wins the game. Multi-family Game: Each player can control the fate of as many families as they want! If all but one of the players let one of their own families die, that family will be destroyed and all other families will be awarded with points as if the single player had died. Unique Characters: Each family member is unique and has their own story. It's a challenge to create the most miserable story possible by using the cards you've been dealt. Community: Have your friends come play this game with you! Anyone can come play Gloom online at our website, or in person at your local game store. There's a strict rule against giving people negative feedback. If you find a game you feel should be better, please don't say it here.
