The program supports all types of optical media (CD-R/RW, DVD-R/RW, DVD+R/RW, BD-R/RE, HD-DVD-R/RW and DVD-RAM) and a wide range of disk drives. Nero Burning ROM has a multilingual interface with support for the Russian language. The application includes a variety of tools for working with discs, as well as separate utilities for recording and copying data, music discs, creating backups, data recovery and much more. You can both create new discs and copy existing ones as well as convert existing discs to DVD or Blu-ray format. Supports a wide variety of combinations of drives and media formats. Nero Burning ROM also allows you to edit recorded discs and check them for errors. You will be able to write data to the disc with the data recording wizard and create disc covers with the Nero CoverDesigner tool.
