Free Download Game Red Alert 2 Yuri's Revenge Full Version [PORTABLE]

the mental omega apyr mod is included in the command & conquer: red alert 2 - yuri's revenge - origins on the house promotion. with the origins on the house promotion, all versions of the c&c: red alert 2 yuri's revenge, including mental omega, are available for download at no cost. yuri's revenge was originally planned to be a "reboot" of the game. however, westwood games was forced to push the release of this "reboot" back due to the financial crisis that they were currently suffering from, preventing them from releasing anything until this crisis was resolved. the team used this time to create additional content, and had planned on using these additional resources for a second reboot of the game, rather than creating a completely new game. this never happened. however, they did release mo, which is a full rewrite of red alert 2's campaign missions, and is its final version. this game has the same logic as yuri's revenge, but is a completely new campaign. mo has a more story-oriented format, where you control yuri and his allies in their struggle to liberate the european union from the hands of the evil general janus, who is controlling the events to the point of threatening the world's stability. the basic premise of the game is the soviet union is about to suffer a military defeat in mongolia by the red army. after the red army is defeated, the ussr is completely destroyed, and chaos spreads across the world. yuri states in the yuri's revenge manual that the red army wasn't defeated completely, and that there is still the possibility of a revolt. therefore, yuri has to seize the opportunity of a devastated and faltering red army and act to prevent a worldwide uprising. the goal of the yuri's revenge campaign of red alert 2 is to acquire control of the following three global sites: neutral zonaria, american central america, and soviet india. to secure the three global sites, yuri needs to gather three powerful allies: the imperial japanese army, the french revolutionary army, and the british royal air force. the yuri's revenge mod allows players to follow this storyline, and it is a full rewrite of the campaign missions in the original red alert 2 game. it starts a little before the events of the original game, and yuri and his allies must prevent the soviets from winning the war before the situation becomes even more chaotic.
